

### What is GHP?

- A four-week residential program designed to provide intellectually gifted and artistically talented high school students challenging and enriching educational opportunities not usually available during the regular school year.
- High school sophomores and juniors in public, private, and home schools are eligible for nomination in one of 20 areas.
- Because the program is exceptionally unique and prestigious, a student must partake in an intense series of applications and interviews to earn admission to GHP

Berry College  
(Rome, Georgia)

### Why GHP?

- The Governor’s Honors Program (GHP) presents life-changing social and academic opportunities for students.
- Activities provide each participant with opportunities to acquire the skills, knowledge, and attitudes to become independent, life-long learners.
- This program also provides students with great networking opportunities that extend beyond their participation in the program.
